4. First Aid Measures

First aid procedures

Eye contact

In case of eye contact, remove contact lens and rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Get medical attention.

Skin contact

In case of contact, immediately remove contaminated clothing and flush skin with copious amounts of water.
Wash clothing separately before reuse.

Inhalation

In case of accident by inhalation: remove casualty to fresh air and keep at rest. Get medical attention, if needed. If not breathing, give artificial respiration or give oxygen by trained personnel.

Ingestion

In the unlikely event of swallowing contact a physician or poison control center.

5. Fire Fighting Measures

6. Accidental Release Measures

Personal precautions

Avoid contact with skin. Do not touch or walk through spilled material.
Use personal protective equipment to minimize exposure to skin and eye. In the case of vapor formation use a respirator with an approved filter.

Environmental precautions

Do not flush into surface water or sanitary sewer system.

Methods for cleaning up

Absorb spill with inert material (e.g., dry sand or earth), then place in a chemical waste container. Clean up in accordance with all applicable regulations.
Clean-up methods - small spillage; Flush area with flooding quantities of water.

7. Handling and Storage

Handling

Avoid contact with skin, eyes and clothing. Use personal protective equipment as required.
Use only with adequate ventilation. When using, do not eat, drink or smoke.
